## BIO

Wezaari is not just a DJ, he is a musical storyteller. Born and raised in South London, he draws inspiration from the city's rich diversity and vibrant energy. He blends genres and eras, creating sonic journeys that take listeners from the past to the future and back again.

Whether he is spinning Funk, Soul, Disco, House, Garage, Jungle, Grime, Hip-Hop, R&B or anything in between, he always infuses his sets with a touch of soul designed to make people feel good.

Since emerging onto the scene, Wezaari has established himself as a versatile DJ, selector, and host in a variety of settings, appearing on lineups in notable London venues alongside established DJs, performers and artists.

In addition to hosting regular radio show residencies on Brixton Radio and Aaja, Wezaari is gaining a reputation in the Events & Corporate industry for his professionalism and ability to provide the right energy for the occasion and keep the guests dancing.

Recent appearances include a magazine launch event, the grand opening of a luxury homeware brand's new showroom in Design Centre, Chelsea Harbour, and Aperol's Aperidisco pop-up at Battersea Power Station.
